DATA SHEET

A110 LPG Welding Line Delivery Hose

The Right Connection®

Designed to fulfill AS/NZS1869 Class C specifications, guaranteeing the safe transfer of LPG for welding, cutting and allied processes across diverse industrial sectors.

Hose Construction

Tube: NBR/PVC blend - black
Cover: NBR/PVC blend, smooth - orange
Reinforcing: Polyester yarn

Features

- Ozone resistant
- Weather resistant
- Oil mist resistant
- Pin pricked cover
- Extruded

Temperature

- -20°C to 70°C

Standards

- AS/NZS1869 Class C
