

The Right Connection®

# Dip and Fill Fittings

## Application

- Dixon Bayco® Fill Tube and Dip Tube Adaptor kits are designed for use on tanker compartments fitted with Dip and Fill fittings. Dip and Fill Tube Blank Plates are used where tankers are not fitted with Fill Tubes

## Design

- Designed to interchange with other brands commonly found in the Australian market.
- Mounts direct to manholes or tanker walkways

## Materials

- Aluminium construction
- SS fasteners
- Cork/Buna gasket

## Associated Equipment

- AL300DC-L Lockable Camlock Dust Cap
- ALDC300DC Camlock Dust Cap
